Building a product with a new process can be a daunting prospect. Being asked to serve as the team’s Product Owner can be downright intimidating. You’ve got an idea of what Scrum is and have read a few articles or books on the topic, but you really don’t know how to start putting that theory into action. That’s where the Certified Scrum Product Owner program comes in. The CSPO course gives you just enough information to understand how Scrum works, but focuses mainly on functioning as the product owner or customer for a Scrum team. You will learn about activities such as managing stakeholders, ROI, backlog grooming, creating effective stories, acceptance criteria for stories,
