Virtual Certified ScrumMaster

Start Date: 10/20/2020

End Date: 10/23/2020

Virtual Certified ScrumMaster® Workshop

This interactive Virtual Certified ScrumMaster® class is aimed at the work at home environment and uses modern remote collaboration tools. Covered by our in-person retake guarantee.

All virtual classes require a computer or tablet based live video camera with a reliable internet connection. Cell phone video will only be acceptable for limited periods and with advance permission. A technical facilitator will be available to help with any technical issues. Class size will be limited to 20 students. Virtual breakout rooms will be used to create Scrum team interaction in exercises. Frequent breaks will be held. The class will use various collaboration tools and the trainer will set up a meeting with you prior to the class to make sure your technology set is ready to participate.

This live, instructor-led, course gives the participants actual hands-on experience with the basic practices of Scrum with a solid introduction to the principles that frame the practices of a successful agile team. The course is focused on the skills and attributes of a successful ScrumMaster.

Use of Video Conference Tools as specified by the instructor and live video camera is required for certification.
